Senior living, reimagined.

At The Providence, we provide a new, enriching approach to Assisted Living and Memory Care, all complemented by refined interiors, services, amenities, and customizable care options.

Set in the heart of Fairfax County, Virginia, near Vienna Metro Station, this modern community is just minutes from vibrant arts and cultural venues, upscale restaurants and shopping, miles of trails at Fairfax County parks, and even sporting events at George Mason University.

From sleek interiors with open living areas to expansive outdoor spaces, The Providence is designed for elegant living. Upscale touches include modern kitchenettes, stainless-steel full-sized appliances, granite countertops, and large bathrooms with walk-in showers. Studios, one- and two-bedroom residences all offer spacious floor plans, high ceilings, and refined finishes.

Exquisite dining

Two distinctive restaurants featuring classically trained chefs include the casual Wolf Trap Bistro and signature Great Falls. A private Chef's Table experience is available for celebrations and milestone occasions as well.

A vibrant lifestyle.

Warm and welcoming, The Providence offers relaxation and renewal, with experiences that are both exciting and fulfilling.

Residents can enhance their health and well-being with a customized signature treatment at our luxurious spa and salon or at our state-of-the-art fitness center.

Additional opportunities for learning and engagement are provided through the award-winning Watermark University and EngageVR, a unique virtual-reality exercise that strengthens the mind.

Three levels of personalized care

Care levels include Assisted Living, Thrive Memory Care (which features a dedicated outdoor courtyard), and The Bridge, offering a seamless blend of both Assisted Living and Memory Care. Our warm and nurturing holistic approach ensures that residents truly feel cared for—mind, body, and soul.
